

VIRONAL – Drops

THIS PRODUCT IS REGISTERED AS A FOOD SUPPLEMENT. IT IS NOT A MEDICINE AND SHOULD NOT BE USED AS A SUBSTITUTE FOR PRESCRIBED MEDICINES. Vironal is a bio-information product with a wide-spectrum regenerative effect that is manufactured using the latest achievements in the fields of phytotherapy, psychotronics, crystal therapy and bio-resonance. It is highly concentrated product containing herbal extracts, essential oils and bioinformation in balanced complex.

The Energy bio-information preparations affect a human body at several levels at the same time. While the active substances act directly on organs and processes in our body, the information factors obliterate a cause of illness in the information field through bio-resonance.

Thanks to the herbal extracts and bioinformation Vironal shows quite strong detoxicating, antioxidative and regenerative effects. It can help in boosting immunity and an ability of a human body to inhibit penetration of undesirable microorganisms. It can be used as an effective defense against wide range of pathogens of viral and / or bacterial origin spread through the air or transmitted through droplets or food. Vironal can boost particularly the front-line organs - respiratory system, digestive system and skin. Vironal influences primarily the energy channels of lungs, large intestine, spleen, and three burners.

Vironal can be of help in the following conditions:

- body detoxication and regeneration
- stimulation of lungs, respiratory problems
- stimulation of large intestine and spleen
- viral and bacterial infections (cold, flu, fever, sore throat, etc.)
- induction of perspiration, fever reduction (can be combined with antibiotics)
- boosting the immune and lymphatic systems
- supporting the function of bone marrow
- indigestion of various origin
- improvement of the skin elasticity

Use of Vironal from the mental point of view: The product may be used also as to your mood and state of mind. Lungs and large intestine disorders express themselves in our state of mind as misery, anxiety, emotional apathy, depression, melancholy, self-depreciation, yawning, nervousness, somnambulation, nightmares, and insomnia.

Vironal herbal composition: *Sanguisorba officinalis*: is used as an antipyretic agent; in diseases of the lungs, in bleeding and diarrhea. It has very good anti-microbial and anti-bacterial properties and is effective against protozoa. *Tilia cordata*: contains substances similar to vitamin E. It has pro-perspiratory, diuretic, spasmolytic and bile-stimulating properties. It is used in fevers and colds. *Thymus serpyllum*: acts well on staphylococci, streptococci and salmonella. It has powerful antiseptic and disinfectant properties. It is used in shingles, in lung and bronchial disease, as well as in cough. *Glycyrrhiza glabra*: the active substances dissolve mucus and stimulate expectoration. It is used in gastric ulcers, gout, and rheumatism. It has special anti-inflammatory properties, similar to those of glucocorticoids. *Cnicus benedictus*: has antibiotic and anti-viral properties. It contains calcium, magnesium and potassium salts. It is a powerful disinfectant and antiseptic. It suppresses fermentation and putrefaction in the intestines. *Betonica officinalis*: has a good anti-asthmatic and anti-cancer effect. It has excellent results in cases of gastrointestinal disease with inflammation and hyperemia of the intestinal mucus; as well as in cases of CNS dysfunction and bacterial infection. *Armoracia rusticana*: is highly phyto-cidic, and has antibiotic properties. It normalizes the intestinal microflora and removes mucus from the bronchi. *Inula helenium*: has a phyto-cidic property. It is used in cough, bronchitis, intestinal inflammation, seizures and spasms, flatulence, diabetes and all mucosal affections. *Nasturtium officinale*: contains iodine and a whole range of vitamins. It is used as a metabolicum in diseases of the liver, gall-bladder, and spleen; as well as in various viral infections. *Cinchona officinalis*: contains a plasmatic poison that damages the causal agents of various infectious diseases. It is used in the treatment of malaria and similar infections associated with fever and chills. *Tropaeolum majus*: contains a natural antibiotic which, even in the lowest concentrations, acts on 46 strains of the Staphylococcus bacteria, as well as on Proteus vulgaris, Escherichia Coli, Salmonella, and other types of bacteria. *Verbascum densiflorum*: suppresses bronchial and bronchiolar spasm and has anti-inflammatory properties. It is excellent for use in the treatment of asthma bronchitis and cough. It affects the function of the spleen and thymus. *Eupatorium cannabinum*: a plant that is highly effective in the treatment of influenza and viroses. It induces transudation. It was widely used by the first inhabitants of the American continent in the treatment of a serious disease, similar to influenza, called "fracture fever". *Commiphora myrrha*: has stimulating and anti-inflammatory properties. It acts as an expectorant and antiseptic. It is used in the treatment of sore throat, painful mouth ulceration, catarrh inflammation, and lung infections. *Fromomom melegueta*: is a plant of Ginger family, often called Elysian seeds. It has anti-viral and anti-mycotic effects. It has a positive effect on CNS, regeneration of cells and immune system. *Cytrus paradisi (grapefruit)*: its seeds have anti-microbial, anti-bacterial, anti-viral and anti-mycotic effects. The extract from these seeds is used in gastrointestinal infections, in colitis, and in Crohn disease. In concentration 1:1000 the extract is successful against Helicobacter pylori, which causes gastric ulcers.

Furthermore, Vironal contains essential oils and plant and mineral information. Combination with the cream_Droserin is recommended.

Regeneration process and dosage: Shake well before use. This leads to the dynamization of the information components, thereby increasing the effectiveness of the product.

Adults	2-7 drops 1-3x a day
Children from 12 year of age	7 drops per day
Children 3 - 12 year-old	2 drops per day, half an hour before or after the meal.

Storage:	10-25°C, keep dry
Content:	30 ml

Do not exceed recommended daily dose. Put drops on a spoon and apply directly or put them in a glass of water. To stimulate the process of detoxication increase your intake of fluids within the period of regeneration process. After three weeks it is necessary to interrupt the application for one week.

In chronic conditions apply minimum dosage, in acute conditions increase the dosage. In the event of temporary or transient aggravation, decrease the dosage down to minimum. After improvement return to the original dosage.

Do not discontinue, as these are symptoms of the reverse regeneration process, during which symptoms of previous diseases may appear. This phenomenon represents only a positive regenerative reaction! If in doubt about the exact dosage, always consult your physician or therapist. In pregnancy no regeneration products should be used, unless a physician is consulted.

Product is suitable for diabetics.

Caution: Product is not designed for children under age 3. Keep out of the reach of children.

Food supplements should not be used as a substitute for a diversified diet.
